María Cobo Muñoz
Creative Technologist

¡Hola! I'm a Creative Technologist blending design, technology, and problem-solving to create thoughtful, impactful solutions. Whether it's designing user experiences, building innovative products, or collaborating across disciplines, I bring curiosity, creativity, and attention to detail to every project.

Education

2024 - Present
University of Twente
MSc Interaction Technology
Program focused on designing interactive systems, combining human-centered design, technology, and research to create meaningful user experiences and innovative solutions.

2021 - 2024
University of Twente
BSc Creative Technology
Graduated with Honours | Final grade: 8.38
Interdisciplinary program blending design, programming, and electronics, with a focus on project-based learning and rapid prototyping to create innovative products and interactive solutions centered on user needs.

2020 - 2021
Universidad de Cantabria
Industrial Engineering
1st year | 60 ECTs

Experience

2022 - Present
Design Lab | University of Twente
Dream Teamer & Tech Teamer
Facilitate daily operations in an interdisciplinary makerspace and collaboration hub, assisting students with machines (laser cutters, 3D printers), and workshop guidance.
Contribute to diverse internal and external projects, including designing installations for Dutch Design Week.
Coordination of 'DesignLab University,' organizing skill-based workshops to empower students.

2022 - Present
University of Twente
Teacher assistant
Provide in-class support and led weekly sessions for students struggling with Math and Intro to Physics.

2024 - Present
University of Twente
Open Days Team Captain
Organize Open Days for the Master's programme, managing logistics and ensuring a smooth experience for prospective students. Previously, team member for Bachelor's OD, guiding visitors, answering questions, promoting the university.

2020 - Present
IMM formación & CEOE-CEPYME
Tutor
Tutor online courses in English, AutoCAD, and Intro to Robotics, maintaining course flow, tracking student progress, and fostering engagement through forum activities.

2024
Interaction Lab | University of Twente
Graphic Designer
Collaborate with the design team to create promotional materials, including stickers and flyers, to enhance event visibility and lab awareness.

2023 - 2024
aiCall
Co-Founder
Co-found a startup developing AI voice agents for customer service. Focused on branding, marketing, and daily operations, coordinating meetings, managing outreach logistics, and ensuring smooth collaboration to drive project progress.
